

## **Heroes of the Future**

Words and music by Mark Beckwith - copyright (c) 2008 Building Block Entertainment

You are the Geologists,  
You are the Biologists,  
Physicians,  
Mathematicians,  
Oceanographers,  
Astronomers  
Engineers,  
The Pioneers,  
Who will face the new frontiers  
And find the cures  
You are the heroes  
Of the future

Protect the land  
Protect the water  
Protect the air  
Mammals, birds and fishes  
All of our Earth's riches  
You are the Heroes  
Of the future
