

Program Overview & Learning Objectives

Assembly Title: *Kids for Kindness Tour*

Grades: K–5

Presenters: Obediah Thomas & Puey-the-Pig

Program Length: Approx. 45 minutes

Region: Available exclusively to schools in Southern California

Program Overview:

Kids for Kindness Tour brings the heartwarming spirit of the *Start With Heart* video series to the live stage, featuring beloved presenters Obediah Thomas and Puey-the-Pig. This engaging, interactive assembly uses humor, storytelling, music, and student participation to promote kindness, empathy, and inclusion among elementary-aged students.

Ideal for the **Great Kindness Challenge**, **Random Acts of Kindness Week**, or as a powerful kickoff to the school year, this program helps students build a culture of compassion and respect in their classrooms and beyond. Through memorable characters and relatable scenarios, students are encouraged to see kindness not as a special event—but as a daily choice.

Learning Objectives:

By the end of the assembly, students will be able to:

- Understand the importance of showing kindness to others, regardless of friendship status.
- Demonstrate inclusive behavior by accepting peers who may look, act, or think differently.
- Recognize everyday opportunities to spread kindness throughout their school community.
- Reflect on how small positive actions contribute to a more supportive, welcoming environment for all students.

Post-Assembly Opportunities:

Schools are encouraged to extend the impact of the program through classroom kindness challenges, bulletin board displays, and follow-up discussions. Teachers can reinforce key messages with activities tied to inclusion, empathy, and peer support.
