

## SONG LYRICS

# Turn it Off!

(M.Beckwith) ©2009 Building Block Entertainment Inc.

When spreading the message about water conservation, try to be gentle and respectful, like this.

As you are brushing your, lovely sparkling smile  
Please don't let water run, for a long, long while

Let me try.

Now I'm gonna tell you something about water waste  
Turn off the tap when you're squeezin' out your tube of paste  
TURN IT OFF, TURN IT OFF,  
TURN IT OFF, TURN IT OFF,  
TURN IT OFF, TURN IT OFF, please  
How's That?

You said "please", but the rest was a little harsh.

When you are showering, please may I suggest  
Limit your hygiene task to, 10 minutes or less

Now I'm gonna tell you something about taking a shower  
Look at your clock and keep it under a quarter of an hour  
TURN IT OFF, TURN IT OFF,  
TURN IT OFF, TURN IT OFF,  
TURN IT OFF, TURN IT OFF, please

Give me that guitar.  
What happen to gentle?

Sorry.

Here is a tip about watering your lawn  
The length of time that you should leave your sprinklers on

10 or 20 minutes, that's all you need to do  
10 or 20 minutes, and your watering is through, hey!

You know, I think the rock and roll works better. Hit it!

In 10 or 20 minutes your lawn will be plenty wet  
Just set your clock so will...not forget  
TURN 'm OFF, TURN 'm OFF,  
TURN 'm OFF, TURN 'm OFF  
TURN 'm OFF, TURN 'm OFF, please

From the album  
"The Amazing Journey of Water"
